## HOBBIES AND INTERESTS

---

### Design

I am passionate about creating, exploring, and improving my skills in designing graphics, illustrations, and user interfaces. I enjoy experimenting with tools like Adobe Illustrator and Figma to bring ideas to life and develop visually engaging and functional designs.

### Web developer

I enjoy writing code for personal projects, developing apps or websites to practice and explore innovative technologies. This allows me to refine my programming skills, experiment with different frameworks, and turn creative ideas into functional solutions.

I am also committed to continuous learning by watching video tutorials and following online courses to deepen my knowledge, improve my technical skills, and stay updated with the latest industry trends.

## **Sport**

I have always been involved in competitive sports, starting with swimming and later transitioning to football. These experiences have taught me the value of dedication, teamwork, and passion in achieving great results.

Through consistent training and perseverance, I have developed strong discipline, resilience, and the ability to collaborate effectively with others to reach common goals. Sports have also helped me cultivate a mindset focused on continuous improvement and overcoming challenges, qualities that I apply in all aspects of my personal and professional life.

## **Travel**

I have a deep passion for traveling and discovering new places, as it allows me to immerse myself in diverse cultures and traditions that differ from my own. Exploring the world broadens my perspective, enhances my understanding of others, and fuels my curiosity for learning about the rich history, customs, and lifestyles of people from all walks of life.

Traveling also inspires creativity, adaptability, and open-mindedness, qualities that I value both personally and professionally. I truly enjoy the opportunity to connect with new environments and experiences, always seeking to expand my horizons and grow as an individual.
